ADVANCED SECURITY SOLUTIONS

CORPORATE PROFILE & SECURITY PORTFOLIO · SIDEC 2026

Protecting Infrastructure. Securing the Future.

We offer advanced security, autonomous systems, drone and counter-drone technologies, critical infrastructure protection and dual-use solutions. As a **European technology integrator**, SIILTEC connects international technology developers, manufacturers, industrial partners and end customers — from technology selection to deployment and lifecycle support.

DESIGNED AROUND THE ASSETS THAT MATTER — Energy · Water · Industry · Transport · Emergency response

MEET US AT
SIDEC 2026
10–12 November 2026
Celje Fair, Slovenia
SLOVENIAN INTERNATIONAL DEFENCE EXHIBITION AND CONFERENCE

Six connected technology pillars

AUTONOMOUS SYSTEMS
Inspection UAVs, autonomous robotics, mission planning and data capture.

ONDAS (Airobotics) · Flyability · XTEND · C-Astral

DRONE & COUNTER-DRONE
Detection, identification, situational awareness and authorised response.

ONDAS (Iron Drone, Sentrycs) · XTEND

CYBER & INTELLIGENCE
Cyber intelligence, data fusion, OSINT and security research for authorised agencies.

Q Cyber Technologies · Rayzone · Bindecy · ADINT

SURVEILLANCE & VIDEO AI
Covert tactical surveillance, AI video analytics and command integration.

Coverty · Pro4tech · Gedion · Conntour

INFRASTRUCTURE SECURITY
Protection and ICT for energy, water, transport, airports, ports and industry.

TeleGroup · Enter Med · HybridForms

ENERGY RESILIENCE
Battery storage, backup power and off-grid charging for critical sites.

WHES · Apollo Power

A complete project pathway

01 DISCOVERY
Asset survey, stakeholder needs and preliminary risk assessment.

02 SOLUTION DESIGN
Technical architecture, partner selection and compliance review.

03 PILOT & VALIDATION
Proof of concept, site testing and acceptance criteria.

04 DEPLOYMENT
Procurement coordination, installation, integration and training.

05 LIFECYCLE SUPPORT
Maintenance, updates, performance reviews and expansion.

One accountable interface across a multi-technology ecosystem — from assessment and integration to commissioning, training and support.

SIILTEC

SECURITY PORTFOLIO · SIDEC 2026

An international partner ecosystem

17 technology partners across autonomous systems, counter-drone, cyber intelligence, surveillance, infrastructure ICT and energy resilience — integrated by one European partner.

AUTONOMOUS SYSTEMS & COUNTER-DRONE

ONDAS | AIROBOTICS | sentrycs AN ONDAS COMPANY

DUAL-USE AUTONOMY
www.ondas.com

A leading provider of dual-use autonomous systems for defence, public safety and critical infrastructure — software-defined systems that detect, understand and respond to threats in real time. Brands: Airobotics (Optimus drone-in-a-box, Iron Drone Raider) and Sentrycs (drone detection, tracking, identification and mitigation).

FLYABILITY

INDOOR & CONFINED-SPACE INSPECTION
www.flyability.com

Founded in 2014 with one goal: keeping humans out of dangerous jobs. Flyability's collision-tolerant Elios drones navigate confined and hazardous spaces to gather critical inspection data safely.

XTEND

AI-ASSISTED TACTICAL DRONES
www.xtend.me

AI-assisted, human-guided tactical drone systems and the XOS operating system, enabling one operator to command multiple drones for ISR, indoor, public-safety and counter-drone missions.

C-ASTRAL AEROSPACE

FIXED-WING & VTOL UAS · SLOVENIA
www.c-astral.com

Slovenian designer and manufacturer of long-endurance unmanned aircraft systems, including the Bramor C4EYE — a NATO class 1 mini tactical reconnaissance system — for defence, security and survey missions.

CYBER & INTELLIGENCE

Cyber Technologies

CYBER INTELLIGENCE & DATA ACQUISITION
www.qcybertechnologies.com

Luxembourg-based Q Cyber Technologies SARL develops cyber intelligence and data acquisition solutions for selected intelligence, law-enforcement and military agencies to detect and investigate terrorism and major crime.

Rayzone Group

AI-POWERED CYBER INTELLIGENCE
www.rayzone.com

Geo-data, OSINT, proximity-data (last-mile SIGINT), data fusion, CARINT and BORDERINT intelligence solutions — delivered as standalone systems, integrated systems or turnkey national projects.

BINDECY

CYBER SECURITY RESEARCH
www.bindecy.com

Independent Israeli cyber security company founded by Unit 8200 alumni, specialising in modern software research: vulnerability research, penetration testing, threat assessment, malware analysis and training.

ADINT · STARLINK

ADVERTISING INTELLIGENCE

Advertising-intelligence (ADINT) capability that maps Starlink satellite terminals and correlates connected devices, giving authorised agencies location and attribution insight without intercepting communications.

SURVEILLANCE & VIDEO INTELLIGENCE

COVERTY YOUR SECRET EYE

TACTICAL COVERT SURVEILLANCE
www.coverty-tech.com

AI mobile and cellular surveillance systems enabling discrete, real-time face recognition and high-quality recording and transmission of video, audio and data — one platform for remote command and control.

PRO4TECH

TACTICAL SURVEILLANCE SYSTEMS
www.pro4tech.com

Tactical surveillance systems designed by field professionals for law-enforcement and government agencies — covert, self-contained and instantly ready for use, from mini recorders to portable VIP security systems.

GEDION

COVERT AUDIO & GNSS TRACKING
www.gedion.lt

Lithuanian manufacturer, since 2009, of miniaturised covert audio surveillance and tracking equipment in credit-card and SD-card footprints, combining radio, Bluetooth, 4G and GNSS for government users.

conntour

VIDEO ANALYTICS
www.conntour.com

AI video intelligence platform that lets operators query any security camera in natural language — live alerts and historical search, fully on-premises, scaling to thousands of cameras per operator.

INFRASTRUCTURE, ICT & ENERGY RESILIENCE

TeleGroup WE CREATE THE FUTURE. TOGETHER.

ICT, TELECOM & TECHNICAL SECURITY
www.telegroup-ltd.com

International ICT system integrator delivering IT, telecommunication, energy and technical security solutions — software, traffic and radio systems, telecom networks and power networks, from design to maintenance.

enter med technology for your business

AIRPORT, PORT & INDUSTRY IT
www.entermed.it

Active in IT since 1998, Enter Med provides consulting, implementation and management of value-added integrated services, with a special focus on airports, ports, refineries, oil & gas and large industry.

HybridForms® Critical Operations. Trusted AI.

TRUSTED AI · POLICE & CRITICAL INFRA
www.hybridforms.net

Austrian platform for secure mobile field processes with Trusted AI running fully on-premises — your data, your servers, your control. Offline-capable on every device and in use with 15+ German state police forces and critical-infrastructure operators.

WHES

BATTERY ENERGY STORAGE (BESS)
www.whes.com

Supplier of intelligent, integrated battery energy storage systems for utility, commercial & industrial and residential applications — resilient backup power and energy management for critical sites.

APOLLO

FLEXIBLE SOLAR · FIELD POWER
www.apollo-power.com

Flexible solar technology and the Hybrid Charging Kit for field use: charges up to 4 batteries in just 4 hours from solar energy or a 12 V vehicle battery — continuous power wherever you go.

RESPONSIBLE DEPLOYMENT

All solutions are offered in line with applicable EU and national regulations, export-control, sanctions, end-user and dual-use requirements. Selected capabilities are available exclusively to authorised government and law-enforcement agencies.
